

Your social worker will probably give you a form like this to fill in before your review. There is no need to do this one as well if you don't want to. If you don't get another one and you would like to give your views, you can print this one out and fill it in. You can ask your social worker, your carer or any one else from SWIIS to help you if you like.

What is a Looked After Review?

When you have your Review, the people who care about you and are responsible for making sure you are well looked after will meet up to talk with you about how you are and make plans together about your life. These plans will be very important to you over the next few months and beyond.

Filling out your Review Form can help you give your views and say and what you want changed in your life.

It makes sense to think about what you want to say before the meeting and writing your ideas down means your views can be taken into account too.

Filling in the Form

- Remember you don't have to fill out all of the questions if you don't want to but it would help us to know what you want so the more you fill in the better!
- You have a right to come to the meeting
- You will be listened to
- Your wishes and feelings will be taken seriously
- You should know before the meeting what will be talked about
- You should get a written copy of the decisions that are made
